text-align	Alignment	text-align: center;
text-transform	Case style	text-transform: uppercase;
text-decoration	Underline	text-decoration: underline;

📦 Box Model

Property	Description	Example
width	Element width	width: 300px;
height	Element height	height: 200px;
margin	Outer spacing	margin: 10px;
padding	Inner spacing	padding: 15px;
box-sizing	Size calc	box-sizing: border-box;

🖼️ Background

Property	Description	Example
background-color	Background color	background-color: blue;
background-image	Background image	background-image: url(img.png);
background-size	Image size	background-size: cover;
background-position	Image position	background-position: center;
background-repeat	Repeat control	background-repeat: no-repeat;

🧱 Border

Property	Description	Example
border	Border style	border: 2px solid black;
border-radius	Rounded corner	border-radius: 10px;
outline	Focus border	outline: 2px dashed blue;

📐 Display & Position

Property	Description	Example
display	Layout type	display: flex;
position	Positioning	position: absolute;
top	Top offset	top: 10px;
z-index	Layer order	z-index: 5;
opacity	Transparency	opacity: 0.7;

Flexbox

Property	Description	Example
flex-direction	Row/column	flex-direction: row;
justify-content	Main align	justify-content: center;
align-items	Cross align	align-items: center;
gap	Space	gap: 20px;

Grid

Property	Description	Example
grid-template-columns	Columns	grid-template-columns: 1fr 1fr;
grid-gap	Spacing	grid-gap: 15px;
grid-column	Column span	grid-column: 1 / 3;

Transform & Animation

Property	Description	Example
transform	Rotate/scale	transform: rotate(45deg);
transition	Smooth change	transition: all 0.3s ease;
animation	Animation	animation: fade 2s infinite;

Effects

Property	Description	Example
box-shadow	Shadow	box-shadow: 0 4px 10px gray;
filter	Blur etc	filter: blur(5px);
backdrop-filter	Background blur	backdrop-filter: blur(10px);

Interaction

Property	Description	Example
cursor	Mouse icon	cursor: pointer;
user-select	Text select	user-select: none;
pointer-events	Click control	pointer-events: none;

🎨 Media

Property	Description	Example
object-fit	Image fit	object-fit: cover;
aspect-ratio	Ratio	aspect-ratio: 16/9;

⚙️ Advanced

Property	Description	Example
clip-path	Shape crop	clip-path: circle(50%);
will-change	Performance hint	will-change: transform;
resize	Resize control	resize: both;
